Police and Public Safety are investigating a report by a female non-student of a sexual assault at Village Apartments Oct. 14.

The woman reported she was assaulted by five men.

Det. Edward Locklear said that Police and Public Safety had interviewed two suspects and still needs to talk to others.

According to the police’s Daily Crime Report, the assault was reported at 1:35 a.m. Oct. 14. The report also said that officers had responded when the “Subj. jkrt called after Subj. [who had been raped] was raped.”

Det. Locklear said the victim had invited two men to visit a friend at Village Apartments, but that the visit went bad.

“The situation got out of hand,” the suspect left after the attack, he said.

Det. Locklear said the victim was from the Rowland-area.

Several hours after the alleged attack, Det. Locklear sent an email to all UNCP students which detailed what had happened near Village. The email described the suspect’s as a male ranging from 20 to 21 years old.

The email said the suspects are not UNCP students, which Det. Locklear confirmed Oct. 20.

Det. Locklear’s email gave students tips about keeping themselves safe on campus. They included staying alert to surroundings, make sure one is alone and knowing who one is talking to.

Det. Locklear said students who feel uncomfortable in a situation should call Police and Public Safety at 910-521-6235.
