campus to raise money for cancer cure

UNCP organizations set up tents around the path to raise money and show their support for Relay for Life.

The theme for Relay for Life this year was “One World, One Hope.” It could be seen throughout the event placed on hardwood signs. SGA President Hannah Simpson, right, and her team raised money for the cause.

The word “hope” was spelled out by luminaries on bleachers in front of the gym. They were later lit that night.
